Are you quite sure?

Log in to WOL.

Move your mouse all the way to the left, a panel will appear. Click on "Buddies".

Move your mouse all the way to the left again, and click on "Ignore List".

Click "Add"

Type in the name of the user(s) you wish to ignore.

Click "Back"

To go back to the game listings, move your mouse all the way to the left and select "Advanced Game Listings"

Does that not work for you, Renx?
