greb wrote on Wed, 21 September 2005 21:02 You even showed your flamer kill 3 bldgs, if you look at the teams, your alone... You skillful dog you.

What's more, any intelligent Renegade player will come running whenever they hear that they're buildings are under attack, see a Flame Tank comin at their base, or get a message from an ally that says that a Flame Tank Rush is coming. I mean, seriously, you could have atleast staged the damn thing!
