Which was probably for the best, I'm back.

<ftp://ftp.trielite.net/>

(Apparently broken, I'll fix that later)

All your Renegade downloads are almost belong to me...

I just have a bunch of the old files, nothing completely awesome, I've been gone too long to host every file I see.

At any rate, the reason I left was because I uninstalled Renegade. Oh, and probably because I disliked a few of you... oh well.

I reinstalled Renegade... so yay! Keeps boredom away.

So... hihi.
