Hmmm, making you wait longer to generate more hype? That's a good idea actually ^_-

.9932 is the current version released.
You must get .993 and then the .9932 patch.

<http://www.multiplayermaps.net/index.php?action=file&id=359>
.993

<http://users.wpi.edu/~jbrodeur/RenAlert9932Patch.exe>
.9932
