Well a friend of mine is a solo guitarist/singer/songwriter.

But the record company (MAS records, founded the one and only Robert Plant) said that they'd sign him if he got a drummer and a bassist.

It's nothing largescale, a few gigs here and there, and a few tracks on a yearly smallscale album. But it's still a record deal and the experience would certainly come in handy.

I've met the guitarist of Robert Plant's new band, but I haven't actually met the man himself.

My boss tells me that Mr. Plant visits the Indian quite often, so soon enough.....

In case I havn't mentioned before, I live about 2 miles from him so that's why he is so involved at college etc.
