Cabalbeta, you might want to provide a bit more evidence the next time you'd like to try outing a cheater; perhaps a screenshot of him cheating, or a log of attempted !forcerg.

It's good that j_ball430 was able to vouch for you, confirming Wurm as a cheater.

Regardless, however, thank you for outing a suspected cheater; it would be wise for us to keep an eye on him if we see him ingame.

The rest of you have been complete and utter assholes. Here's Cabalbeta, trying to out a suspected cheater and improve the Renegade community, and you all are jumping down his throat. What the hell could you all possibly hope to achieve by badgering the hell out of him? You're only going to succeed in needlessly driving people away.

Quit being assholes, all of you.
