Aircraftkiller wrote on Sun, 09 October 2005 03:23I do believe the one who spots elmo was talking about Westwood Online IRC chat, not in-game chat. That's never really been banned before (except that one rare case where Delphi or Devinoch went into a server and banned someone for it).

in renegade i've never heard of anyone being punished for swearing. but, in games since ra2 people have always been kicked and temp banned for swearing. i'm just glad that they fixed it so that the word "idiot" isn't considered a swear word anymore.
