God of Death wrote on Tue, 11 October 2005 16:39Everyone on you're cite seems to understand the American language quite good. I Especially Like How You Capitalize Every Single Word In Your Sentences As Well.

How can you trust a website or even a company that doesn't even understand basic grammar?

My point exactly.

"Were sorry for the downtime but we have went to Cpanel!"

Go back to school and learn english before trying to trick people into giving you their money.

Seriously dude, you've aimed high, and come crashing down to earth. Try advertising somewhere where people DON'T know what a moron you are.
