I think that as a community containing so many people, it's quite natural to have a certain amount of individuals that do not get along, it's also quite normal to have a minority that is disliked by the main chunk of people.

But at the end of the day if you know you are doing something annoying or offensive - let me just clear this up abit, being a moron can be offensive to some people, but those who don't find it offensive don't understand why.... but racists don't understand why it's offensive to those who aren't...it's called ignorance!- Some people find grammar Nazi's (Jake) annoying and offensive too (I know I hate it, this isn't school, my grammar isn't life or death, I couldn't care if this should be capitalized or a comma is missing from half my sentences, if you can read it or understand it who the hell cares?)

But you generally get the gist that people find how you conduct yourself as annoying and offensive by the way they react to you! I.E Flaming, cussing and general abuse... so stop doing it....

At the end of the day, it doesn't matter what people vote here. The admin here (as with any forum, server, website etc) have the right to ban anyone person at anyone time for anyone reason....no arguments! If Crimson decides to ban him, there is nothing, you, I or the Queen of England can do to stop her!
