Go into the options, and disable the Core Patch updates. Then download and install the standalone:

[http://download.renguard.com/standalone\\_cp1.zip](http://download.renguard.com/standalone_cp1.zip)

or

[http://download.blackhand-studios.org/standalone\\_cp1.zip](http://download.blackhand-studios.org/standalone_cp1.zip)

Once it is installed, you can reenable the Core Patch updates if you wish.
