Spoony wrote on Sun, 16 October 2005 06:48 Don't really understand the question tbh.

Clan games on City Flying you always need a good sniper on your side or you don't have a chance, and most of the time on Walls Flying. Other maps they don't usually figure unless you lose your WF or Airstrip.

I mean, NEITHER SIDE can use snipers...trying in such a match would result in an auto-kill.
