Commando no. 448 Yet what is the state? And interesting question. One that can easily topple your statement.

Don't be an ass. State means government.

Commando no. 448 I could argue that the socialist government serves the people by ensuring that the people are made equal.

Don't make me laugh. Sure people are equal in socialism, equally enslaved by the government. It hardly serves the people to be slaves to the person in power.
