Oblivion165 wrote on Tue, 18 October 2005 04:58 Yeah, my generation is speaking here. All the things they said are what we do. Take their shit, or hide their keys. You would be amazed what they will agree to when they are ten minutes late for work.
You'd also be amazed at what the wrath of parents can do when they are embattled. Believe me when I say your parents will always win if they ever find out that you're behind all of the problems.
