ok so i remade hourglass by adding more base defence and a few otehr things and when i save it as C&C_Hourglass.mix

C&C_Hourglass.thu C&C_Hourglass.lsd C&C_Hourglass.lvl and

C&C_Hourglass.ldd and when i add them to my ren folder and test them out theres no terrain...i can see thru some buildings and when the harvys spawn they fall down and blow and spawn again only to blow again. but the things i added are there.

does anyone know whats wrong???
