If it is true, then it's too late. You don't come back on me that easely. By posting this, do you expect us to tell "yay, you're the man: you stopped cheating!"? The real "men" in here aret he once who never cheated in a game where the chat lobby bot tells you where to get the cheats.

Once a cheater, always a cheater in my eyes. Even if you don't do it again, you've done it before and ruined lotsa games and created lotsa stress.
