I've always been a big fan of RenX. He's never an asshole, and he won't drill you into the ground if he thinks you're wrong about something. Also, DJLaptop is my hero. He's really easy-going, he's always got the music hookup, and he just doesn't get pissed about the little things. Oh, and also, Hossinfeffa, AKA Hoss8914. Most of you probably don't know him, but he reads a lot of forums and plays a good bit of Renegade. He'll listen to you bitch about your shit all day long without trying to change the subject or tell you that you suck at life and should just give up, and he's always really relaxed. I can't imagine him getting angry or being in a serious argument.
