<http://s56.yousendit.com/d.aspx?id=1EIKOU7W6RB1R19OBW29RHPDK3>

it has almost everything. if im missing something tell em and send it to me and i will add it.

Gmax 1.2 serial key:

is this legal? -Crimson

also could someone please host the file please. THANKS!

Files:

- renegadetoolsinstaller2.exe

- leveledit-dev.zip

- gmax.exe

- tutorials

- dds converters and opener's for photoshop and paintshop pro

- mix decompiler/opener

- dragonade sourcecode

- w3d importer

- pre-built building's

- and a lil more

those are the main files.. i dont feel liek typign the list up \*its to long\*

-ben5015se

edit: sorry i should have said the files in it.

edit 2: better read me file
