http://s56.yousendit.com/d.aspx?id=1EIKOU7W6RB1R19OBW29RHPDK 3 it has almost everything. if im missing something tell em and send it to me a nd i will add it. Gmax 1.2 serial key: is this legal? -Crimson

also could someone please host the file please. THANKS!

Files:

- -renegadetoolsinstaller2.exe
- -leveledit-dev.zip
- -gmax.exe
- -tutorials
- -dds converters and opener's for photoshop and paintshop pro
- -mix decompiler/opener
- -dragonade sourcecode
- -w3d importer
- -pre-built building's
- -and a lil more

those are the main files.. i dont feel liek typign the list up *its to long*

-ben5015se

edit: sorry i should have said the files in it.

edit 2:better read me file
