Javaxcx wrote on Sun, 23 October 2005 18:25...The existence of God can be proven within as much certainty as dropping a pencil off a table and predicting it falling.

That doesn't mean the Bible and God are one and the same. THAT is a faith choice. God's existence does not call for the necessity of the Bible. If that's the case, then whatever God's will is, it is unknown to us and He is under no obligation to show it to us. But we can still prove He exists.

Congratulations on finding the one irrefutable work of philosophy.
