Weren't you supposed to be gone for nine glorious weeks of no you?

Since your computer kinda got taken by your parents... but now you've got a laptop?

Or is it possible you just wanted public sympathy.

Shrug

Either way, back on topic.

I was supposed to be gone, and I seriously was gone. But just 2 days ago I bought me a laptop from my local computer store. I was planning on buying it anyways along time ago.
