Sometimes they even SAY it directly. No one ever gets away with anything on TV. This is exactly the same type of influence that this "God" concept is supposed to have on you.

Somehow, i think you're afraid of things you don't understand.

I see on TV that cops always get the bandits but I know damn well that hardly ever happens in real life.

Never go into a discussion like this with women though... you can't win... Nothing personal.
