Yes I know Crimson. Was a long time ago though. I was one of those Westwood Online noobs who tried downloading cheats assuming they would work. I got banned by you I think it was. Then I made one of those threads with some lame excuse. Then I realized how dumb I was being and I grew up PM'd you and begged your forgiveness and then promised I would never do anything again (and I didn't). It was quite the PM and up to this day I am grateful for your justified actions of banning me and then trusting me and letting me on. That was one memory I will never forget.

However now I am too old to cheat and I know very well it gets you nowhere so I despise all cheaters but I also forgive the ones who deserved to be forgiven.

I just want to get back on RG ffs. Does not look possible as I have tried EVERYTHING :(

EDIT: Sorry for the run-on sentences.
