EXdeath7 wrote on Sat, 05 November 2005 15:55 The most amount of music I have had on my computer at one time is about 2GB worth.. Then again, that's just me.

Yeah I have about 3-4, but only 2 would be stuff i'd listen to. Some people figure their amount is the amount everyone else has...

My dad probably has almost 1000 albums on CD so If I copied all that onto the computer it'd be huge too.
