No, I'm not at Sarah's friends' house. I'm at her house, and I'm using the computer becuae I check various websites before I log off for the day - just like she does. I do wonder why I'm justifying myself to someone who probably hasn't had female companionship and tries to pretend he's lording it over someone else, though.

Haha, good one Aircraftkiller. But im sorry to dissapoint you, but I do have a girlfriend. Her name is Jessica. We have been going out since 4-24-05. It's been going pretty well so far. It's good to hear you found someone that will love you for who you are. Thats important in a spouse. Good luck with your relationship Johnathan.

p.s. Is that how you spell your name?
