Ma1kel wrote on Thu, 17 November 2005 08:13Maybe it has to have something to do with the Servid Side buffer overrun some persons were having yesterday? I got it in-game, it closed RenGuard but not my game itself.

If that was the case RG would of reported on the locator he was still connected to the network, Ive already tried all the excuses that people could think of, and theres no way he doesnt know what im on about!!!

He knows what he has done, I'm not saying its against any rules and whatnot but i dont see a reason why he would use it!
