LOL FUCKING TARD. i'm sorry i dont keep up with ways to cheat cause i really see no need to cheat in a game. i just play the game. maybe you 2 need to keep up with it cause you guys think that ppl who are better then you cheat. i mean really wtf get some skills. and stop crying when ppl kill you.

OK champ. Start playing someone better than random public server guys (because getting a high kill ratio in a public server is soooo hard), get some clanwars cups and come back to me.
