I'm also used to CP1 font. (1600*1200, it might look different? I don't know..)
Quote:Updated downloader that can detect if 1.037 is installed and if not, it will install the needed files before it installs CP2.
Maybe have that in RG's (1.04) install as well? Would be more userfriendly.

Can't wait to get those maps in server rotations
