Ma1kel wrote on Tue, 22 November 2005 13:39 Try re-installing, worked for me.

And using the same serial as before?

Ok, so I would:

1. Install with my serial
2. update to 1.037
3. Install renguard
4. apply the no-cd crack

and it should work?

another thing, xwis says that we don't need that tool anymore, well if I don't manually set it to xwis, it won't connect for me...
