Sir PhoenixxBut why are you doing it after stargate?

And have you asked Stargate's owners if you could use their names/materials in a mod? If you havn't, I'd almost guarantee that they'd find you sooner or later, one way or another.

(yeah, I'm talking about copyrights...)

I don't think they would exactly sew him still it is work takeing in to account...

Ahhhhhh why is everybody so damm busy.
