Majiin Vegeta wrote on Sun, 27 November 2005 05:50on Xwis is does not have a european server does it?
when i select european it just shows the same servers as before :S and with the pings all messed up how are we supposed to find euro servers?

Yeah it's all one, which I personnaly think is a good thing.
So both public servers get on same way.
Anyways for the ping it wouldn'r really matter seeing that you connect to the game server. same host/bandwith ecta.
