trunkskgb wrote on Thu, 08 December 2005 08:18 I'm fine with Seige and Snow. I'm not a huge fan of Infinry only maps though. Mutation Redux is good, but it has some bug where you're FPS decreases slowly the entire map.

I had the same bug with Lightwave 1 and 2....Comparing the 2 map's I don't see any similarity's between the two.

Unless Neosaber knows why, I don't have a clue how it happens.
