\$20/week is what \$80 when i can get people deals for much cheaper with free web hosting and free Teamspeak.

The rene servers i can get people are.

20 player \$40/month

Intel Pentium 4 3.2 HTT 2GB PC3200, 100mbit uplink.

FTP access (5GB of map space) renram and TCAdmin (enables you to start/stop/restart the server and brenbot)

Brenbot 1.41, SSAOW of your chioce..

With 1GB of web space and 20GB of Bandwidth.

And 20 player TeamSpeak2.

All for \$40/month.

And you're trying to charge \$80 i have two words for ya "Good Luck".
