Naamloos wrote on Fri, 30 December 2005 06:16Ok, I'll add a second AGT/obi to the bases an I'll make the map flying. I will also remove the snow and fog. I won't be able to change the map's size however.

Next time I'll be more carefull with the poly's. I guess what people say "W3D engine can handle many poly's" isn't too true, or on any higher resolution then 800x600 it isn't anyway.

Also I don't mind anyone including the map in any pack as long as I get credit for it.
As u got no name, that should be easy XD
