vitaminous1: Great, now get them to woohoo.

If you're so inclined I guess I can give them to whoever asks.

Somebody's going to say "omg you're obsessed" or "Get a life" or "wow you must be bored" etc etc; I'm at my fiancée's house, we were rather bored, I am obsessed with her, and we felt like being creative. She just got me Sims 2 for Christmas.
