I'm sure most people will say this, so I'll say it first. Rank means nothing!

As for who's the best, there is no "best" person. Someone may be the best technician/Hotwire out there. There are people who rock at sniping, but may suck at using a tank. You can't say who's the best, because in one aspect or another there is someone better. Someone may just play for points, and win by doing nothing but attacking the same building all map, and win. Doesn't mean they're the best.
