Aircraftkiller wrote on Sat, 21 January 2006 17:55 Those are so useless. Why not just place the buildings there anyway, without welding them to the terrain, then change them around when you find a good spot for them?

I'll do it when I get more of the map done. I just don't want to have to deal with more junk in gmax than I'm already dealing with until I get the basic base areas done.
