Renx wrote on Sun, 22 January 2006 04:55 Your PC is identical to mine other than that I have two SATAs in RAID0. That and you probably haven't overclocked, but all the hardware is the exact same :S

Almost same here, except I only have 1 250gb SATA hdd and an athlon 4000+.

Just out of curiosity what is RAID and what does it do? I'm only really starting to get into the computer building phase.
