Why?

Read my post please

On a side note, if PS2 is better than Xbox, I don't understand why they did not make Halo for it.

(They probably got lazy and did not want to exploit PS2 more than it already is.

respect ^ 1) xbox is made by bill gates whos a shithead

2) ps2s controls are easier

3) ps2s graphics pwn even the xbox360!

How the fucking hell is the richest man in the world currently a "shithead?"
