Quote:When a vehicle is created at Airstrip only Nod can enter it. When vehicle is created at Weapons Factory, only GDI can enter it. However, once you enter it, and get out, any side can enter it(Westwood probably made it this way so that SBH can't steal newly made vehicle). Maybe you could use this somehow?

Yea I forgot about that. But when you get out of a tank that sets the teams tank to Unteamed.

I got Brenbot going again awhile back so I dont really need the ID console command.
