Download http://uesclan.com/uescat998/Scripts222.rar

Put the files bhs.dll scripts.dll and scripts2.dll into your Renegade folder (replace them there).

Start Renegade

Click on pratic mode.

When map is loaded open up the console with F8 and type

mlistc 1 C&C_nameofyourmap.mix

Then open up the console again and type

win 1

It should load your map now.
