I was going to say either the letter Y, since it is **SOMETIMES** a vowel, but that would make it a group of 6, not of 5. And I'd have to murder warranto for the puns.

My other guess would have been the question, "Why?" It fits in with everything **EXCEPT** the group of 5 bit. However, if you are willing to exclude "How?" (as it does not begin with the letter W), it fits perfectly. That would make "Why?" the **REASON** behind everything.

I am the Alpha and Omega of all that is, has been, and is yet to come; "Why?" as the meaning of existence.

With a single utterance of my name, I can successfully challenge all things Religious and Scientific; "Why" as a demand for proof.

With one whisper of me, people have felled entire Kingdoms and entire Governments; "Why?" as dissent and dissatisfaction.

I am feared by all, yet all will use me willingly; "Why?" as the reason for an act; nobody likes to explain their own actions yet always demands to know the reasons behind the way others act.

I have been given an honorary place among four others of my kind. Among the "Big W" questions, "Why?" is the odd one out- the other questions ask for quantifiable data while "Why?" asks for the undefinable. However, there are 6 W's in total, if you count "How?" so this could be a problem.

So, how wrong am I?
