maytridyDon't ban him. He really didn't do anything that bad. If anyone should be banned, it's CaptKurt. Don't ban the Gunrun, give him another chance.

I'm not sure why CaptKurt isn't banned... but at least CaptKurt doesn't post every 5 minutes about either 1) nothing or 2) the same thing he posted 10 minutes ago...

there is/was a poll to ban both of them... so far both of them lost/are losing.... ban them both.
