Core Patch 2 Introduction

Blackhand Studios(TM) proudly presents "Core Patch 2". This is the 2nd unofficial patch for C&C Renegade. In this Read Me you'll find more enhancements and fixes to make your gaming experience much more enjoyable. Some of the enhancements made where applied to the Harvester. It no longer Spawns invisible when you lose the Power Plant. It's mechanical arms are now animated while it collects Tiberium. With a faster load time(as fast as "Ren Alert") and many more Console Commands and enhancements (thanks to scripts.dll 2.3.1), this 2nd installment from Blackhand Studios should pack quite a punch.

Along with this release comes additional maps. C&C_BunkersTS, C&C_Terrace, and C&C_Tropics have been added to the mix along with a new map specially created for Core Patch 2 by Titan1x77 called C&C_Last_Stand.
