PICs and Railguns. And Laser Chainguns, for that matter (especially Laser Chainguns). Not to mention the guns on Hummers, Buggies, and APCs. And let's not forget Rocket Launchers, if you know how to shoot (one would hope).

Stop complaining about n00bjets getting the nerfbat against air vehicles. They're a crutch. Use something else and you'll quickly realize that you didn't really need them in the first place.
