No, I didn't know that character repair guns are more effective. Useful.

I'm not really remembering names right now. I'm lucky if I can stay alive for 2 mins and get a score with at least 3 digits.

New Question. Which GDI vehicle is the best against NOD's flame tanks? I usually drive a Mammoth Tank, but if I run into a flame tank, I have trouble. I'd guess the Orca Copter would be best for more obvious reasons, but if you don't have a flying vehicle, which would be the best?
