This time I revealed your post because I knew it would make me laugh. Way to go, DJM. Your credibility is currently as high as your IQ: 0. You should know when you lost a discussion and you should leave it there. If you don't want to read my posts, then use the ignore button. I do it and it works like a charm until someone quotes you.

People always start insulting when they don't find any other way out. Now plz keep this topic a bit clean for further discussion on topic.
