Since when does a 16 year old boy care about somebody elses spelling? Maybe thats because it might be his only strong point. And yes, you got a very strong point there! But at the other side... Im dutch, and I bet my english is better as your dutch, but thats a minor point. Mayor point actually is that you, as a high skilled English teacher, try to say whats good and wrong to people you dont know anything about. On this forum all the posts are English written, but that doesnt say anything about the writer, does it? Your idea that English is known everywhere on the world might be not that smart

DJM wrote on Tue, 14 February 2006 14:56l am 16 for your information, and I'm not one single bit ashamed of it. How that has anything to do with this situation is beyond me, maybe you can enlighten me?

You are 16, great ( I wont start about the lying) and nope, you cant be ashamed of your age. But you do can shame yourself for your additude. What it has to do with the situation? Umm, dont know... fill in yourself, or maybe some other forum visitors want to add that part.

Anywayz, enough bolloXXX again.
