Twas in Walls_Flying on a clan-only server that Taskbot7 made for us to snipe on. Of course, we're just having fun, and the teams ended up being myself on a team with Taskbot1, while Taskbot7, Priestofb, and another clan member were on GDI. I sneak into their base as a BHS, only to engage Priest and my other clan mate near the refinery. Not paying attention to what was behind me -- the harvester pulling out of the silo, I get squashed by it while I'm combatting.
