Kamuix wrote on Sat, 25 February 2006 19:21 am using JFW_Preset_buy at the moment by just using a Zone.

What I did was;

- a) clone the PT object (aka temp button)
- b) set it to unteamed
- c) add the JFW_Buy_Preset script

I would suggest making a PT model, like the standard renegade ones, to show where the purchase zone is, it will show up like the normal PT's do.
