Blazer wrote on Fri, 03 March 2006 10:58 So you fail to see the coolness of having custom voice samples by the original Havoc?

No. I know that the voice of havoc would sound cool, but it costs, and it is taking long time to implement.

Quote: You would rather have the unfamiliar voice of random people that you don't recognize?

No, but if it is taking so long and there are problems with it, then it would be much easier to use any voice that is available.

This is just my opinion.

Why complicate things, when there is no need for complexity? But if you can pull this off, then by all means do it.
